

I'd like to kick off April by looking back on our March Reading Round-Up! Collectively, as a school, our students read for over 10,000 minutes! That translates to hours upon hours lost in discoveries, imagination, dreams, and wonder.

It is our hope that the joy of reading, and the joy of learning, is developing for your student. Parents, students, families... keep reading with and to each other — today's readers become tomorrow's leaders!

MAGIC OF LEARNING

MAXINE
PACIFIC PALISADES, CA

THIS IS WHY

Maxine is in first grade at the Lindamood Bell Academy. She previously attended public school but after a bit of time, her family recognized it was not the best match for her. Since transitioning to Academy, Maxine has really benefited from the individualized support as she is incredibly bright and curious. She loves any classes that include learning more about animals! In addition to Academy, Maxine is doing the Seeing Stars® program to improve her reading fluency. She has already grown so much and has a goal to read more books about unicorns. When she's not at school, she loves to sing, dance, create art, and play with her two sisters!

SHINE ON STUDENTS

SHINE ON CAST

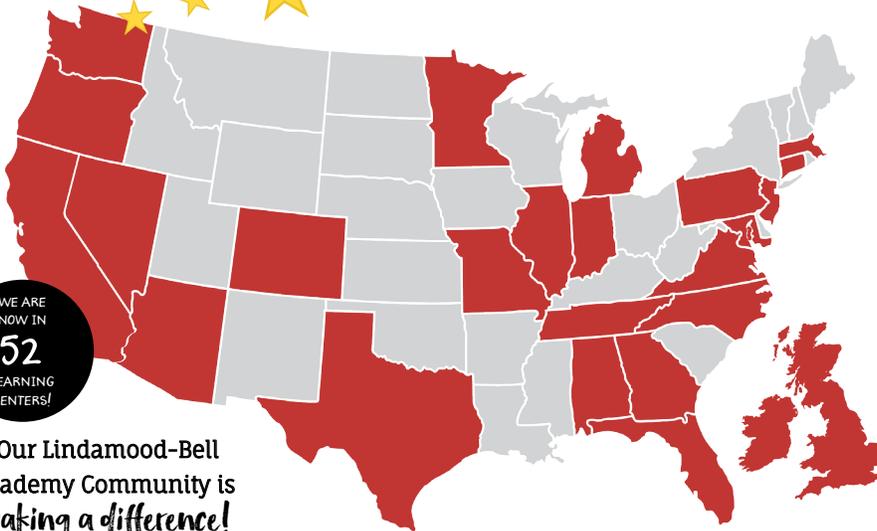

“Starting to work at Lindamood-Bell is part of what pushed me to work through a Master’s of Education program. This place, and these students, inspired me to better understand how to help students in their learning journeys. With the rollout of Lindamood-Bell Academy, I get to live that dream every day.

Academy is about so much more than teaching students curriculum or content. We’re here to give them a place where they can not only learn new skills to expand their world, but also feel safe and confident in applying these new-found capabilities to learning without fear of failure or ridicule. Hearing students say they feel understood, supported, and able to learn makes each day so meaningful.”

GOOD TO KNOW

April is Parent Teacher Conference month. Conferences will be held for two weeks: April 2 - 6 and April 9 - 13. Your local learning center will help with scheduling your appointment. We will be highlighting students’ work and discussing how to make the most of the remaining two months of the school year.

Additionally, we will begin assembling our 2017-18 Academy Yearbook in April. We will be reaching out to our staff, students, and parents to collect student photos and stories!
