

Sometimes folks forget just how much 365 days actually brings into their lives. Now is the perfect time to reflect, but to also remember...New Year's marks a new beginning. New people to meet, new goals to set, new opportunities to enjoy, and new adventures just around the corner!

May your next 365 days be filled with joy and anticipation of wonderful things for you and your family. Happy New Year!

Emily Jayne
Director of Lindamood-Bell Academy

✧ We create *the magic* of learning! ✧

CENTER STAGE

MEET AMINA AND ALICIA!

In London, our favorite time of the day is lunchtime when we all come together to take part in a range of Art Movement STEM (AMS) activities with our Lindamood-Bell Academy students! From taking on obstacle course challenges to growing ice crystals and from aerobics to yoga we always have a smile on our faces. Our instructors bring a wealth of knowledge to the table that brings these activities to life. Yoga is one of the activities that our Academy students in London look forward to every week! In one session in particular, Alicia nominated herself to be the Yoga teacher, and had nothing but endless praise for her 'students' mountain and tree poses! "Exhale, inhale," she said, at exactly the right moments! We love that Lindamood-Bell Academy empowers students to step into a role they would have never seen themselves in before!

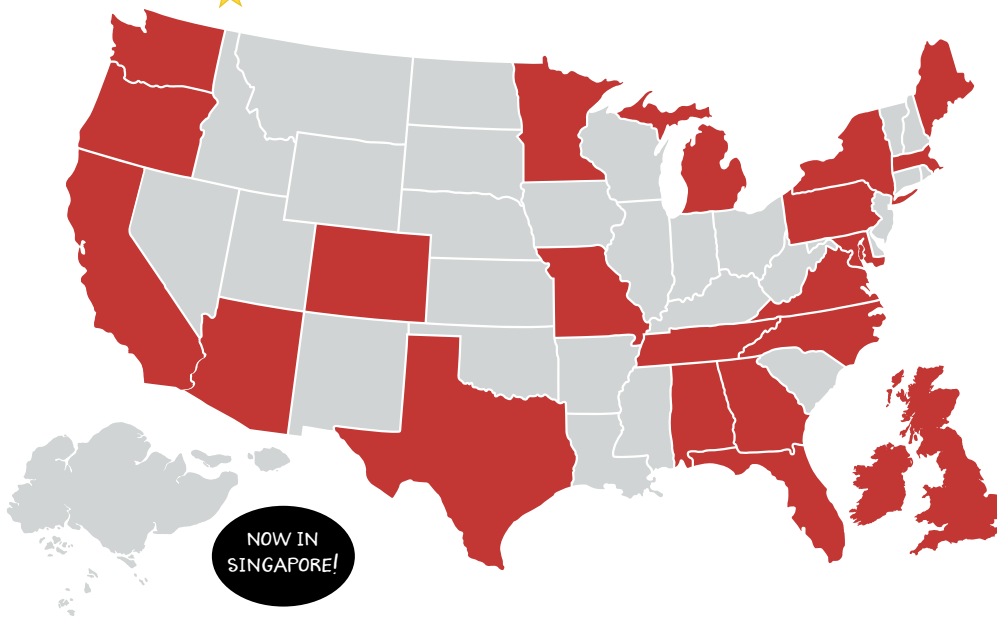

SHINE ON STUDENTS

GOOD TO KNOW

The second round of parent/team conferences is scheduled for the week of January 14th. The conferences will be 20-minute appointments to meet, either in person or virtually, to review your student's progress and performance in their courses. Your local learning center will be assisting with scheduling. Stay tuned!

LINDAMOOD-BELL ACADEMY COMMUNITY

**LINDAMOOD-BELL

SPANNING
THE ATLANTIC OCEAN

SHINE ON CAST

Joanna has been working at Lindamood-Bell for one and a half years, during which time she has been an Academy Tutor for a semester. As an Academy Tutor, Joanna loves seeing students take charge of

their own learning! She sees students guiding their own learning every day as they work through the curriculum. The lessons are adaptable, varied and vibrant making every day fresh! Joanna loves that students can see their progress through the curricula, and they all know what goals they are working towards!
