

This is it: the last edition of the Academy Magic Newsletter for the 18/19 school year. It feels so bittersweet to know that the year is coming to an end. I'm beyond proud of ALL our students. Their journeys have not been easy, and their goals hard to reach at times. They have tackled many hard things this year and emerged as conquerors.

Similarly, I'm so proud of our staff and learning center teams. Guiding curriculum isn't easy. Learning what makes Academy kids tick, then assembling a program specific to them is what our teams do every day and, together, they have made magic happen.

This educational journey is filled with challenges and joy, failures and successes. There is huge effort involved in achieving our goals and, in the words of one of our founders, the late Patricia Lindamood, "the goal is more than worth the effort."

Thank you for spending your year with us in Academy.

Warmly,

Emily Jayne  
Director of Lindamood-Bell Academy

## CENTER STAGE

### STUDENT SPOTLIGHT-MORGAN LEVY

Miss Morgan is a vivacious 13-year-old from Kingston, Jamaica, who started with sensory-cognitive instruction back in 2017. Morgan logs into her online instruction room every morning in her family's home in Kingston, with her trusty learning coach Toni-Ann always by her side. When Morgan isn't in class, you can find her riding her beautiful horse, Hannah, or singing and dancing along to music. On the special occasions when we get an in-center visit from Miss Morgan, we always make sure to have plenty of hands-on activities ready for her to explore and create. Keep up the great work, Miss Morgan! Let's see just how far you'll go!

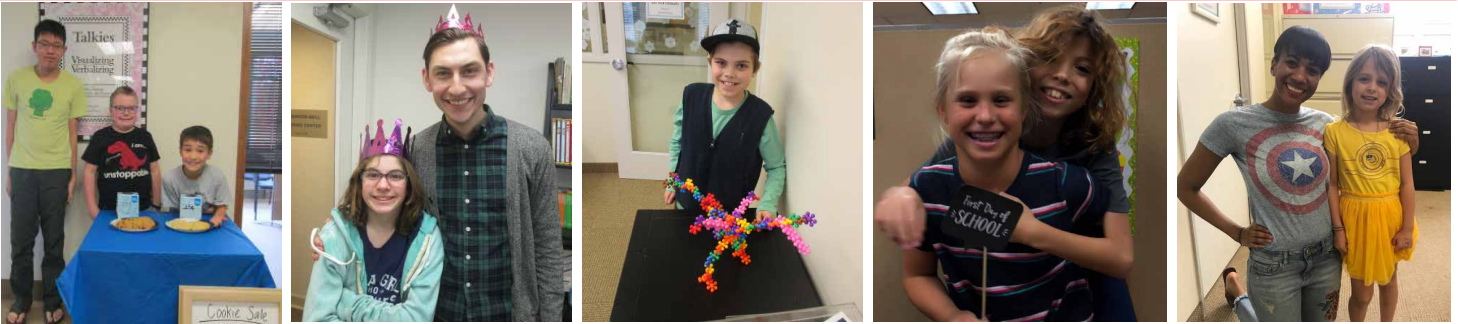

## SHINE ON CAST

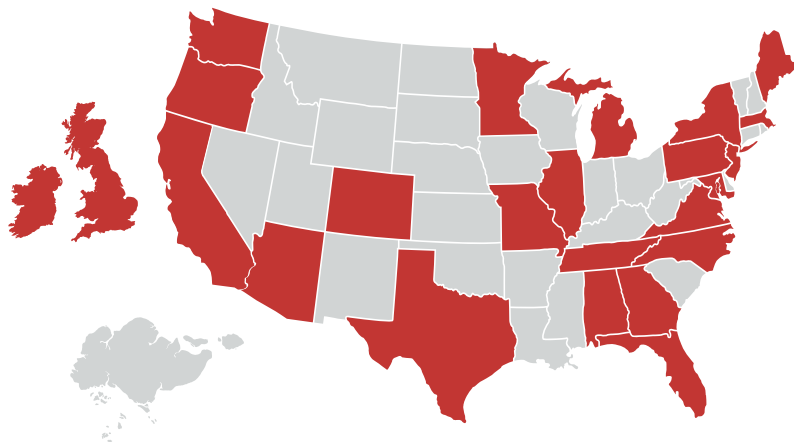

"Team Morgan" officially began in the fall of 2018 at the Weston, Florida Learning Center, when Morgan started LBA. Her team, comprised of lead teachers for each subject and her consultant, has been so incredibly dedicated and patient with her throughout the year! From helping her picture vocabulary, to working through tricky science and social studies concepts, to finding supplemental videos, projects, and worksheets—they have truly gone above and beyond! In the words of Morgan's mom, "the Levy Family wishes that there were enough words in the English language to paint you a picture that would describe their pride, joy, and deepest appreciation. You all continue to pour endlessly and relentlessly into our Morgan Amanda." Thank you, Team Morgan!

## GOOD TO KNOW

Parent Conferences will be held the week of May 6th. Your local learning center will help with scheduling your appointment. This is an opportunity to review recent assessments and recommendations. We will also be highlighting students' work and discussing how to make the most of the remaining weeks of the school year.

May 24th is the last day of school and our End of Year Celebration for all LBA students. Invitations with details will be coming soon. The celebration will honor those being promoted to middle or high school and our graduating seniors! Final grades will be posted and available through Pearson Connexus by June 3rd, and report cards will be sent out starting June 10th.

A reminder about re-enrollment: If you plan to join us for the 2019-2020 school year and haven't already, please reach out to your local learning center to receive a special alumni tuition rate. The deadline to receive your special rate has been extended until May 24, 2019.

## UPCOMING EVENTS
