

Middle School

Results of Middle School Students Who Received Comprehension Instruction Only

Summary

Lindamood-Bell Instruction Implemented: Visualizing and Verbalizing

Years: 2008–2019

Average Age: 13.1

Number of Students: 1,499

Average Hours of Instruction: 103.6

Results: On average, Middle School students who received Visualizing and Verbalizing instruction achieved significant improvements in comprehension. They made large (statistically significant) standard score changes on their language Comprehension measure. Additionally, the 21-point percentile increase in Comprehension put these students within the normal range (25th–75th percentile).
