

# Academy Magic Newsletter

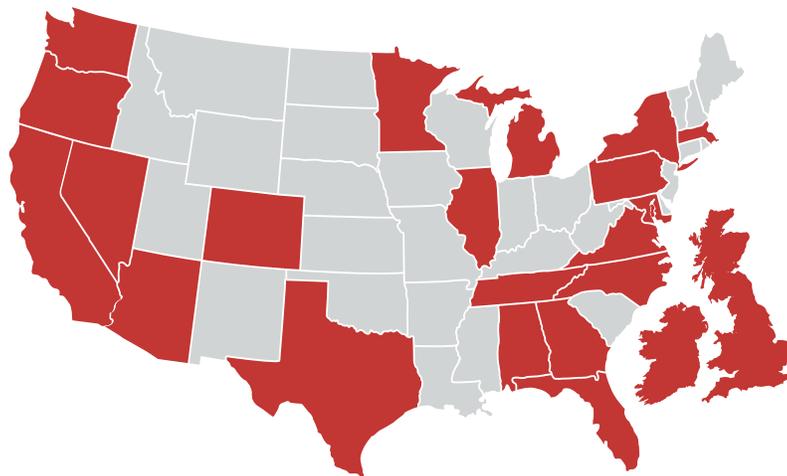

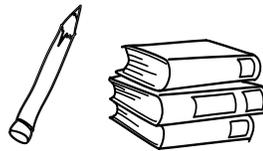

*I'm so proud* of how we've all come together—students, staff, and parents—to make the successful transition to all-online learning this past month.

My sincere thanks goes out to our students, parents, and staff for your ongoing support and dedication.

We have met the challenge!

Emily Jayne  
Director of Lindamood-Bell Academy

Camouflage Day
- 30** Pajama Book Day

LINDAMOOD-BELL ACADEMY NOW HAS

**197 STUDENTS**

IN

**46 LEARNING CENTERS**

**ACROSS 2 COUNTRIES**

## Center Stage

*We believe* every student can achieve their dream! Recently, we received this letter from Samuel at our Pacific Palisades location:

Dear LMB team,

*Over the past three years I have learned and achieved so much with your curriculum. Recently I have had the desire to go to an in-person school, ideally Crossroads. With your help I was able to prep and prepare for the ISEE test. Just a few days ago I found out I was placed on the waitlist for Crossroads. However, yesterday we received a phone call from the head of admissions giving me the only slot available in the 8th grade class. Of course this means that as of fall 2020 I will not be continuing with LBA. I will truly miss my time with you and hope you find someone with as bad of a sense of humor as me.*

*See you after spring break and stay safe in this time of madness, AKA Covid-19,  
Samuel*

*PS: Feel free to show this to any of the clinicians or staff to whom I am grateful.*

Go, Samuel! We are so proud of you for achieving your dreams.

## Shine on Cast

### Meet Emme and the Charlotte team!

Emme has been a Lindamood-Bell student since 2016, when she came to us for help with reading fluency and comprehension. After two summers of intensive instruction and a year of non-daily support for school, Emme joined Academy in the fall of 2017.

Emme reached a HUGE turning point this year as she showed outstanding gains in her sight words, word attack, and fluency scores. Independence and self-efficacy have also become greater strengths of Emme's, which has been AMAZING to see.

She's found new creative pursuits outside of Academy, joining the local School of Rock as a rhythm guitarist and vocalist. She is truly feeling successful this year and her pride and positive attitude have become infectious in the Charlotte Center! Not only is Emme an Academy success story, she's also a shining example to our Star Cast of the impact they have on our students every day!

## Good To Know

*Complimentary* online School Year Check Ups for Academy students will be held during the month of April. Contact your local Learning Center for more information.

Enrollment for the 2020-2021 school year is here! Please reach out to your local Learning Center to receive a special alumni tuition rate. The deadline to receive your special rate is May 1, 2020.

## Science Fair

*Science Fair* was a huge hit this year! In our Sacramento location, our staff member Ashton Mattox saved the day when he presented a Science Fair project as his student, Michael (who was not feeling up to the task of presenting that morning). Without missing a beat, Ashton reviewed the experiment and got into character for “Michael’s” big moment.

Ashton was so amazing with his humorous portrayal of Michael that Michael was able to come up afterward to answer questions from other students, parents, and staff about his experiment. Michael did a great job on his whole project and we are so thankful to Ashton for being there to support him through the presentation phase!

Ashton is a wonderful example of Sacramento staff—ready to help with humor and grace so that our students succeed.
