

LINDAMOOD-BELL LEARNING PROCESSES RESEARCH

Laurens County Schools

Seeing Stars for Phonemic
Awareness, Reading, and Spelling (SI)

PROFILE: East Laurens Middle School Students

Number of Students: 22

6th Grade: 9

7th Grade: 6

8th Grade: 7

Period of Instruction: 1 semester

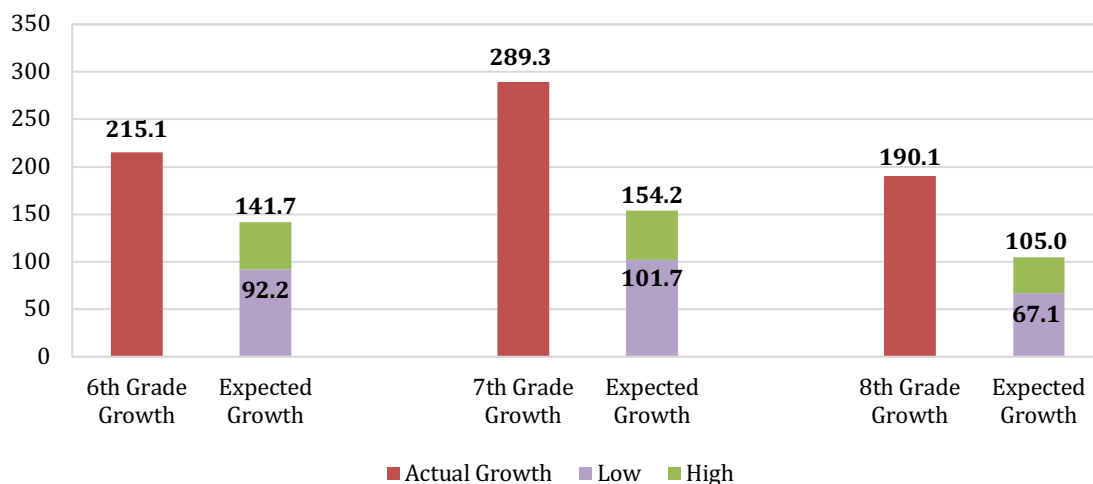

Program Implemented: Seeing Stars®

Outcome Measure: Reading Inventory

BACKGROUND

East Laurens Middle School in Laurens County, Georgia, serves a large percentage of students who are at-risk of reading failure. During the 2020-21 school year, East Laurens Middle School implemented Lindamood-Bell® instruction to address the specific needs of this student population. 22 students received 1 semester of small-group Seeing Stars instruction to develop symbol imagery for reading. Instruction was delivered by East Laurens Middle School teachers who received professional development in the programs created by Lindamood-Bell's founders. Student gains were measured with Reading Inventory.

Growth Comparison

RESULTS

On average, Seeing Stars students achieved significant improvements in reading. Their actual growth exceeded their expected growth at each grade level. The results of this study illustrate that Lindamood-Bell instruction in the Seeing Stars program leads to improved reading, which is essential to achieving success with school curricula.
