

Dear Academy Family,

While some of our Learning Centers will be reopened for in-center instruction during the school year, other locations will remain online to follow local safety guidelines and mandates.

We are committed to the safety and health of our students and staff and are following the guidelines and recommendations of local, state, and federal officials. I want to provide you with information about the safety measures we are implementing to keep our staff, students, and families safe this school year.

- We have increased our cleaning and sanitization efforts.
- Hand sanitizer is available at multiple locations in every Learning Center.
- We are practicing physical distancing.
- We are practicing good hand hygiene and coaching our students about good hand hygiene.
- Staff will wear face coverings at all times.
- Students will wear face coverings when entering the Learning Center, during breaks, and, if mandated by local ordinances, during their instruction.

Additionally, we are proactively enrolling our in-center Lindamood-Bell Academy students in our blended program, which combines online and in-center learning. Enrolling our in-center students in the blended program will allow us to quickly and smoothly transition to online school if we need to close the Learning Center due to COVID-19.

As always, we welcome your questions. Please don't hesitate to contact us should you need further clarification on what we are doing to keep everyone safe at this time.

We all have experienced trying times recently, but together we will make this school year a success! Thank you for the opportunity to create the magic of learning with your student. We are grateful to partner with you in your child's education.

With warm regards,

Emily Jayne  
Director  
Lindamood-Bell Academy
