

LINDAMOOD-BELL LEARNING PROCESSES

Thank you for your interest in Lindamood-Bell Learning Processes. We believe, passionately, that all children and adults can be taught to read and comprehend to their potential.

We began more than 35 years ago with one small learning center in California—and big dreams. Now we have over 50 Lindamood-Bell Learning Centers throughout the world, the Lindamood-Bell Academy (a private online school), and a Lindamood-Bell for Schools division where we partner with and support education professionals.

Our instruction develops the imagery-language foundation for reading, comprehension, and math, and we integrate the best research in the field of education. The result is evidence-based instruction that you can believe in.

If you know someone who has difficulty learning, I strongly encourage you to contact us. We want to make a difference for you or your student.

We believe in you and you can believe in us.

All my best,

Nanci Bell
